Logo Pad Lift-top Desk Organizer increases your desk space while keeping reference lists and notes readily available. The firm transparent non-glare writing surface lifts to insert, view and organize important documents, notes and photos without using additional desk space. Convenient English, Metric and protractor measurements printed horizontally and vertically on the writing surface add to the many uses of this desk pad. The Logo Pad desk mat stays in place with the environmentally friendly super non-skid base that is constructed from 80% post-consumer recycled rubber. It also protects your desk surface from heat, spills, scratches and dents but cleans with the ease of a damp cloth. Keep everyone in your business organized and efficient with this desk pad.
