

SYSTEM-1
LAUNDRY CARE

Sour

Sour - Laundry Neutralizer

A hyper-concentrated, laundry neutralizer which provides proper pH control on all finished fabrics. It is designed for use in commercial and on-premise institutional laundries. System 1 Sour is formulated for use in all water conditions. The unique blend of neutralizing acids and iron inhibitors in the formula ensure the brightest, whitest results wash after wash, even in problem water areas. The hyper-concentrated formula delivers the lowest possible cost per load, keeping laundry costs at a minimum.

Features

- Hyper-concentrated
- Dedicated souring agent
- Contains iron inhibitors
- Greater formula flexibility
- Totally-Enclosed-Dispensing (TED)

Benefits

- Provides optimum cost-in-use
- Ensures accurate pH of finished linen
- Prevents yellowing of linen
- Extends linen life
- Ensures staff safety

Applications

- Can be used in all commercial stainless steel washing machines

Use Instructions

- Use as directed by your Diversey representative
- Pre-sort laundry prior to washing
- Presoak and / or prespot laundry if necessary
- Place proper amount of soiled fabric into laundry machine, select proper formula and start the washing machine
- This product is designed to be dispensed directly to the laundry machine by a Diversey dispenser and should not be diluted manually
- System-1 is dispensed at various rates depending on soil load, fabric, water conditions and equipment

Commercial Machines: Dispense automatically with Diversey dispenser

Warning: Do not mix with incompatible chemicals, such as acids or ammonia

Food Plant Use: Thoroughly rinse all laundered fabrics used in food plants with potable water before re-use. Avoid contamination of food during use or storage.

Technical data	System-1® Sour
Product Code	5637570
