

suma<sup>®</sup> Quik-Dri

A6.6

## Rinse Aid

Mid-range rinse aid for medium water conditions. It is blended to produce sparkling, spot-free glasses, cutlery and ware under a wide variety of dishwashing operations.

### Features & Benefits

- High active rinse agent leaves glasses sparkling clear and free of water spots
- Combats foaming at temperatures as low as 104°F (40°C)
- Concentrated formulation provides maximum economy and minimal product changes
- Increases productivity and dishware hygiene by promoting rapid complete drying

### Applications

- For use with mechanical dishwashing operations in areas of soft to medium water hardness

# Suma<sup>®</sup> Quik-Dri A6.6

Rinse Aid

## Use Instructions

- **Dilution rates: Light Duty** – 0.1 mL / L (0.015 oz. / gal.) **Heavy Duty** – 0.3 mL / L (0.04 oz. / gal.)
- Suma<sup>®</sup> Quik-Dri A6.6 Rinse Aid is automatically injected into the final rinse line of dish machines or glasswashers using Diversey dispensing equipment. Dispensing pumps that are built into some dishwashers can also be used.
- Use concentration will depend on local water conditions but should fall within the range of 0.1–0.3 mL / L (0.015–0.04 oz. / gal.)
- Unless a separate chemical sanitizer is in use, final rinse temperatures must be 82–90°C (180–194°F) to meet most local health code requirements.
- **For Food Plant Use:** Avoid contamination of food during use or storage. Cookware or utensils and other equipment and surfaces subject to direct contact with food must be thoroughly rinsed with potable water prior to re-use.

## Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, <http://naextranet.diversey.com/dot/>, for up-to-date shipping information.
