

Bring on the crowds

Take on high-traffic restrooms confidently with Tork PeakServe

250%
more towels for
less refilling and
better restroom
flow*

*Compared to traditional towel dispensing systems

#1

Dirty and overcrowded
restrooms are the
no.1 issue for guests
at high-traffic venues

71%

of guests at high-traffic venues
have had a bad restroom
experience

1 in 3

guests who avoid going to the restrooms limit how much they eat and drink to do so

The number one issue bothering your guests? Restrooms.

Research* shows that dirty, overcrowded restrooms are the primary concern for guests at busy venues such as transportation hubs, concert arenas and sports stadiums – even more than long lines or traffic to and from venues. In fact:

71% of guests at high-traffic venues have had a bad restroom experience

1 in 3 guests who avoid going to the restrooms limit how much they eat and drink to do so

Many visitors dread using restrooms in crowded venues for fear of poorly-maintained facilities.

What if managers could easily upgrade visitors' experiences? Tork developed a solution to specifically address these problems.

Introducing Tork PeakServe® Continuous™ Hand Towel System

This revolutionary dispensing system is designed to better serve high-traffic restrooms. Neither a roll towel nor a folded towel system, Tork PeakServe is setting a new standard for hand towel dispensing that will improve both end-user and cleaning staff experiences.

25%**

more capacity to
avoid run outs

600*

more guests
served between
refills

Let's get you crowd-ready with Tork PeakServe Continuous Hand Towel

A new standard of high-traffic dispensing for a superior guest experience

More flexibility means more time to clean

- **Refill when it suits you**
with up to 600 more guests served between dispenser servicing*
- **Double the towels you can carry**
as they're compressed by 50%*
- **Cut refill time in half**
with more than 2,100 towels per dispenser*

Fewer restroom delays get guests in and out faster

- **Avoid run outs with 250% more hand towels***
and lower consumption thanks to one-at-a-time dispensing
- **Faster dispensing serves guests in 3 seconds**
– quicker than jet air drying time
- **Taking a towel is always smooth and easy**
with our patented continuous towel system

Our latest innovation explained

Tork PeakServe combines two key components for a unique dispensing experience:

1. **Continuous dispensing technology:** bundles latch onto each other when loaded for smooth and **continuous towel flow**; they load from underneath for **fast refilling any time**.
2. **Hand towels** that have been **compressed by 50%** to deliver the **highest-capacity dispensing system on the market**, holding more than 2,100 towels per dispenser

Bundles are compressed by 50% giving more than 2,100 towels per dispenser*. Compressed bundles load from underneath for fast refilling any time.

Continuous bundles latch together when loaded

Bundles dispense without interruption one towel at a time

* Compared to traditional folded towel dispensing systems.

** More than any other system on the market when comparing dispenser capacity in linear footage.

Arm your team with a complete crowd-ready restroom

Explore the full high-traffic offer from Tork

Tork Jumbo and Mini Jumbo Bath Tissue Dispensing Systems

Tork Jumbo Bath Tissue dispensers simplify and complement any environment, providing a clean, hygienic appearance. Our design ensures easy and intuitive maintenance, refilling and use. A perfect choice for high-traffic restrooms as well as environments where efficiency and reduced cost are priorities. Rolls are protected so there is improved hygiene, reduced pilferage and less waste.

Tork Foam Skincare

Take on the crowds with high capacity Tork Foam Skincare systems. With up to 2,500 doses per refill, Tork Foam Skincare systems deliver more handwashes per refill, which helps manage usage and reduce overall costs. Tork soap and sanitizers come in sealed bottles and have a fresh nozzle with every refill for a more hygienic hand wash. The fully collapsible bottle ensures refills are completely used, reducing waste.

Compatible with Tork EasyCube® Intelligent Facility Cleaning System

Take on the crowds with a new level of data-driven cleaning – the result is a revolutionary boost to efficiency, staff engagement and customer satisfaction.

1
Sensors measure visitor traffic and refill levels in real-time

2
Real-time information lets cleaners act on what's needed, when and where

3
Managers are in control and can plan smarter with less time and effort
