ELECTRONIC ROLL TOWEL DISPENSER

- 99.9% jam-free.
- 83,700 hand dries on one set of batteries.
- Super-fast dispensing and easy paper access with a smart sensor zone.
- Customizable settings that are easy to reach, understand and change.
- Low Roll Indicator starts blinking when roll reaches 2.75", instantly showing custodial staff the optimal moment to utilize the stub roll compartment and load a new roll.
- Fast and simple dual lock featured on all new Cascades PRO Tandem units can be changed from an easy-match key-lock to a push-button using the slide button.
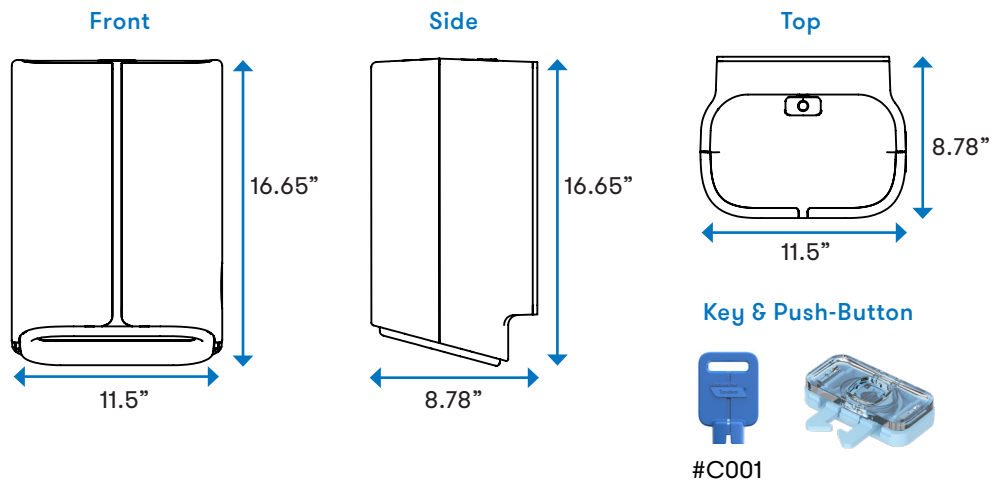

PAPER REFILLS
The Cascades PRO Tandem Electronic Dispenser is designed specifically to function with:

- 775' Cascades PRO Perform/Signature for Tandem roll towels
- 1050' Cascades PRO Perform for Tandem roll towels

INSTALLATION
Read instruction sheet before using this roll towel dispenser. Position the dispenser and make sure the lock or push-button positions are accessible and the dispenser cover opens completely. Mark the installation hole position on the wall. Use the built-in level. Drill guide holes then install the dispenser with appropriate fasteners. Alternative screws and anchors may be required depending on wall materials.
