

TruSens™

Cleaner Air Matters

Breathe easier by reducing airborne pollutants where they matter most.

With advanced air purifier technology, simple controls, and Dupont™ filtration, TruSens improves air quality.

The streamlined design and size options make TruSens an ideal addition to any home or work environment.

AIR PURIFIER MODEL	Z-1000	Z-2000	Z-3000
Item Number	Z1000AP	Z2000AP	Z3000AP
SensorPod™		•	•
Air Quality Indicator		•	•
PureDirect™ Technology	•	•	•
Levels of Purification	3	4	4
Room Coverage	250 ft ² / 23 m ²	375 ft ² / 35 m ²	750 ft ² / 70 m ²

RESPONDS TO YOUR AIR

To ensure cleaner air for the whole room, TruSens responds to air quality feedback from a remote SensorPod™.

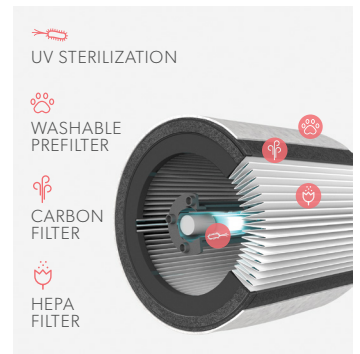

SENSES POLLUTANTS

TruSens clearly displays air quality information from the SensorPod™ so you can see that the purifier is effective.

DELIVERS AIR EVERYWHERE

PureDirect technology splits clean air into two streams, delivering purified air to every part of the room.

CAPTURES AND DESTROYS POLLUTANTS

DuPont™ HEPA Filters capture particulate matter down to 0.3 microns, while ultraviolet light sterilizes filters to prevent recirculation of live bacteria and viruses.
