

Eco-Expert

Add new life to your carpets

About this product

This neutral pH formula can be safely used on all stain resistant and colorfast carpets as well as upholstery; works well with all Dustbane spot and stain removers. The blend of very low foaming surfactants does not clog vacuums, making shampooing much easier while maximizing the use of the recovery tank. Formulated with the perfect blend of surfactant to suspend dirt, soils and grime in order to deep clean carpets and upholstery without decolouring and damaging the surfaces.

- Low foaming formula
- Compatible with all carpet cleaning equipment
- Can be used as a bonnet cleaner
- Versatile – great carpet cleaner or stain remover
- Contains no harsh ingredients that could damage delicate fibers
- Low pH
- Multiple dilution combinations
- Reduced environmental impact
- ECOLOGO Certified (UL 2795)

Dilution rates:

ECOLOGO (UL 2795)	1:256
Light Soil	1:125
Medium Soil	1:125
Bonnet Cleaning	1:125
Carpet Spotter	1:125
Dry Foam	1:125
Heavy Soil	1:80

Have a spot on your carpet?

Successfully removing a spot or stain from a carpet or upholstery starts with the proper procedure. Start by blotting the spot with a clean white towel to remove excess liquid. Rinse towel thoroughly with clean water. Using a trigger sprayer, apply diluted **Eco-Expert** (1:125) to spot. Gently agitate towards the center and allow dwell time. Blot to remove liquid. Do not rub! Rinse with clear water to remove any residue. Repeat as needed.
