

Antimicrobial Protection

Protect your workspace with Microban® products from Fellowes®

Fellowes® has teamed up with Microban® to include specially formulated antimicrobial protection in select products. This added layer of protection is integrated into Fellowes products at the point of manufacture to inhibit the growth of stains and odors caused by bacteria, keeping the products cleaner for longer. The technology remains active 24/7 for the life of the products, so users can worry less and focus on the job at hand.

Product with Microban® protection

Product without Microban® protection

Microban's leading range of antimicrobial protection technologies are based on scientifically proven active ingredients. Introduced at the stage of manufacture, these technologies will enhance a product with antimicrobial protection that lives on.
