

## SAFEBLEND CREAM CLEANSER

### TECHNICAL DATA SHEET

#### FRESH SCENT - CODE : **MLFR**

Safeblend Cream Cleanser is formulated to safely clean, shine and deodorize most washable hard surfaces including ceramic tiles, porcelain, fiberglass, toilet bowls and urinals, bathtubs and showers, countertops, faucets and fixtures made from chrome and stainless steel. It clings to most surfaces and its mild abrasive scrubbers easily remove grease, soap scum, urine, hard water deposits, rust, scale, lime, mildew and general soils. Contains no corrosive acids or bleach.

**DIRECTIONS FOR USE:** For best results, apply directly onto soiled surface and wipe or spread using a sponge, mop, bowl brush, scouring pad or cloth. Rinse thoroughly with water. For hard to remove stains allow for longer contact time before wiping, repeat as necessary.

**NOTE:** Test on an inconspicuous area prior to use. Do not use on stainless steel appliances, aluminium, marble, limestone or on other soft surfaces. The amount of product used should not be in excess of that required to achieve its intended technical effect.

**STORAGE:** Keep in a tightly sealed container in a well-ventilated room. Do not store with food products. KEEP FROM FREEZING

#### **SHELF LIFE:**

Typically has a shelf life of 3 years when properly stored according to label STORAGE instructions.

| PHYSICAL PROPERTIES                     |                                       |
|-----------------------------------------|---------------------------------------|
| Boiling Point:                          | 100°C                                 |
| Specific Gravity (H <sub>2</sub> O =1): | 1.1 at 20°C                           |
| % Non Volatil:                          | 20-25%                                |
| Solubility in Water:                    | Miscible                              |
| pH (as supplied):                       | 8.5-8.9                               |
| Physical State:                         | Liquid with suspended solids          |
| % Solids non volatil                    | 20-25                                 |
| Viscosity:                              | 3,000 cps at 25°C                     |
| Appearance and Odour:                   | Viscous grey liquid with lemon scent. |

|                                                                                        |
|----------------------------------------------------------------------------------------|
| <b>GHS Class:</b> NOT CLASSIFIED                                                       |
| <b>CFIA:</b> Accepted                                                                  |
| <b>Toxicity:</b> Non-toxic to humans and animals (LD50 > 5,000 mg/KG, LC50 > 20 mg/L). |

**Certified EcoLogo**  
UL 2700

- Non-Toxic
- Biodegradable OECD 301
- Non-Corrosive to eyes or skin
- Phosphate free
- No ammonia
- No bleach
- No APE's, NPE's, NTA or EDTA
- No Carcinogens
- Not regulated by Transport or Dangerous Goods Regulation (TDG)
- Effective in cold water
- Reduce. Re-use. Recycle.
- All of our containers are fully recyclable
- Our boxes contain at least 50% recycled fibre
- Our 4L bottles are made with at least 25% post-consumer waste
- Our labels use FDA approved vegetable based ink
