HIGHLIGHTS

- Perfect 30" x 20" size provides plenty of room to move around but can still fit in to the kneehole of a standard desk or built-in when it is not being used.
- 3/4" commercial grade thickness provides hours of comfort & stability.
- Advanced multi-layer construction with a comfortable "leather like" top surface.
- Non-slip bottom helps keep the anti-fatigue from moving around.
- Beveled edges help to reduce tripping issues.
- Supports your back, hips, knees & feet so you get all the benefits of standing while you work.
- Shipped flat to prevent any curling on the edges.
- Durable materials will not break down, even after years of use.
- Neutral black finish goes with every décor.
