Welcome to Offices To Go Seating

Offices to Go offers chairs of exceptional comfort and design while maintaining a value-minded approach. Choose from a variety of chairs to complete your office environment.

Offices to Go chairs are built to commercial quality standards. Most models are Canadian made, while others are imported. In either case, all Offices to Go chairs are manufactured exclusively in certified factories and have been tested to ensure compliance with ANSI & BIFMA seating standards.

Product was designed to be quick and easy to assemble. Offices to Go products come with easy to follow assembly instructions and detailed pictures. Every Offices to Go chair is covered by a limited lifetime warranty.

Offices to Go chairs include ergonomic features, unique designs and a high level of quality. We know you will enjoy the comfort and value of your Offices to Go chair.

Avro ergonomic features

Avro features improved ergonomics, custom support and a streamlined profile. Avro is the perfect balance between functionality and style. It features five mechanisms with a choice of mesh or upholstered back options.

ibex ergonomic features

ibex is built with ergonomic features that are designed to promote good posture and provide maximum comfort. Always select a chair that is designed for the type of work you perform and the length of time spent using it. Proper ergonomic seating can help eliminate many of the work related injuries that result from poor posture.

ERGONOMIC SEATING FEATURES AND BENEFITS

Every chair is built with features that are ergonomically designed to promote good posture and provide maximum comfort.

A TENSION ADJUSTMENT
Increase or decrease to match body weight. Allows you to rock comfortably, without heavy pushing, reducing muscle fatigue.

L SYNCHRO-TILT MOVEMENT
Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

B CHAIR TILT LOCK
Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position (can be either single, multiple or infinite position).

M WATERFALL SEAT EDGE
Reduces pressure at the back of the knee, contributing to good blood flow.

C SEAT HEIGHT
Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

N CONTOURED CUSHIONS
Support the body effectively, allowing you to sit longer without discomfort.

D BACK / LUMBAR HEIGHT
Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

Q WIDTH ADJUSTABLE ARMS
Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

E SEAT DEPTH
Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees. Can be sliding (MD) or manual.

R ARM ROTATION
Rotate armcaps to support your forearms in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

F SEAT ANGLE ADJUSTMENT
Allows chair to tilt forward changing the angle of your thighs in relation to the floor. Helps reduce disc pressure during forward leaning tasks.

S CENTER-TILT
Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

G BACK ANGLE ADJUSTMENT
Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

V LUMBAR DEPTH ADJUSTMENT
Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

H ARM HEIGHT
Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

WARRANTY AND PRODUCT OPTIONS

LIMITED LIFETIME WARRANTY

- Global warrants that all seating products are free from defects in material and workmanship. Global will repair or replace, at Global's option, as the sole remedy for any defect covered by the warranty; subject to the limitations below and the non-conflicting terms and conditions of the standard Global warranty.

Metal frames, non-moving metal components	Lifetime
Upholstery, textiles, mesh	2 years
Pneumatic lifts, mechanisms	2 years
Casters, frames, plastic components	2 years

MEMBER

- All products and components are tested to meet ANSI & BIFMA seating standards.
- All chairs are in compliance with the guidelines set by the GREENGUARD Environmental Institute.

NOTES:

- All Offices to Go chairs are manufactured exclusively in certified factories and have been tested to ensure compliance with all applicable industry standards.
- Casters: For chair models beginning with OTG, dual wheel carpet casters are standard. Special application casters can be purchased separately in sets.
For chair models beginning with MVL, dual wheel carpet casters are standard.
MVL chairs can be optional with hard surface casters. Please see price list for details.
- For complete details about the Offices to Go seating program or additional product information, please refer to the Offices to Go price list or contact your Global dealer.
