

MPV615P MEDICAL GRADE POWER STRIP

Power for sensitive medical equipment in healthcare facilities

The CyberPower MPV615P Medical Grade Power Strip delivers power to sensitive products in hospitals, clinics, group practices, private practices, laboratory or other medical facilities, allowed for use within six feet of a patient for non-critical care applications. Designed for use in patient care vicinities, the MPV615P has been tested to meet all UL 60601-1 requirements. The MPV615P provides power and has 6 medical grade outlets with safety covers, a 15 foot 12AWG power cord, and a heavy duty medical grade plug.

Additional features of the MPV615P include keyhole mounting slots, impact-resistant casing, and a Limited Lifetime Warranty.

NOTE: The CyberPower MPV615P is not intended for use in critical care or life support applications.
