WE MAKE CLASSROOMS SMARTER
ViewSonic Wireless Presentation Display Solutions

With stunning 4K Ultra HD resolution, high brightness, wide viewing angles, and dual speakers, **ViewSonic® CDE20 4K wireless presentation displays** help create immersive learning environments in any classroom. And with **ViewBoard® Cast content sharing software**, students can easily stream wireless content from their devices directly to the display.

Whether your students are in the classroom, at home, or another location across the globe, enjoy collaborative learning with ViewSonic CDE20 series wireless presentation displays.

Effortless Navigation: Streamlined UI/UX interface and easy app installation.

Comprehensive Standalone Solution: No external media player or PC required with the integrated ViewSonic Embedded Signage Platform secured by Linux-based kernel.

Intel® OPS and Wi-Fi Slot: Cable-free integration and simple installation with Intel's Open Pluggable Specification.

ViewSonic vCast USB Dongle (Optional): Plugs directly into laptop's HDMI (VB-WPS-003) or USB-C (VB-WPS-001) port for easy content sharing without any software installation.

4-in-1 Split Screen: Up to four participants can securely share media from their laptop, tablet, or mobile phone.

Seamless Mirroring: Mirror content to multiple displays without using an HDMI splitter.

Device Management: Configure displays to school or district specifications with powerful enterprise mobility management (EMM) software.

Display Management: Included vController™ software enables remote management of displays.

AV Control System Certified: These displays are Crestron®, Extron® and AMX® certified for a higher level of compatibility with professional AV controls to achieve seamless integration and automated control.
