

# HP Travel Plus 30L 17-inch Laptop Backpack (A2CE0AA)

## Overview

### Your Ultimate Travel Companion

Simplify your journey with one bag that meets all your travel needs. This durable, thoughtfully designed backpack keeps you organized—from packing through the airport and beyond. Multiple compartments enable easy access for airport security convenience.

### All Things Organized

Stay organized with three compartments and multiple pockets, including two quick access pockets, for all your essentials. Expand the capacity from 30L to 35L to fit everything you need for your business trip—tech, clothing, packing cubes, and more—in one bag.

### Protection on Multiple Levels

This backpack is built for the long haul with durable, water-resistant[2] 750D recycled polyester. Padded compartments safeguard your laptop[1] and accessories from bumps and bruises, while the RFID-blocking pocket and lockable, anti-puncture zippers[3] deter theft.

### Designed for Quick Access

Streamline your security experience with a travel laptop backpack that provides easy access to all your belongings. The 180-degree opening lets you quickly grab whatever you need in the moment—laptop[1], toiletries, liquids, accessories, and more.

### Built for a Better Tomorrow

The better choice for a brighter tomorrow, the HP Travel Plus 30L 17-inch Laptop Backpack is made with at least 60% post-consumer recycled materials (53 plastic bottles).[4] Plus, it comes with FSC®-certified packaging.[5]

## Features

### Traveling Convenience

Conveniently and securely attach your travel laptop backpack to your rolling luggage for easy transport.

### Carry in Comfort

Comfortably carry your travel essentials with padded shoulder straps, and evenly distribute the weight using the adjustable sternum strap and hideable waist strap.

### Rise Above Bumps

The padded floating laptop pocket is elevated to prevent your PC from directly hitting the floor when you set the bag down.

### Protection for Peace of Mind

Protect credit cards and other sensitive information with a dedicated RFID-blocking pocket. Secure your stuff with a puncture resistant double-coil, lockable zipper.<sup>[3]</sup>
