

9300 & 9300P filing series | product specification

Cold rolled steel storage units including lateral files, personal storage towers, pedestals, storage cabinets, multi-stor cabinets and exhibit cabinets

Features

- Steel storage products
- Locks are included as standard
- Standard with leveling glides (except mobile pedestals)

Lateral File Cabinets

- Two, three, four and five drawer configurations available:
 - All fixed front drawers
 - Receding doors with roll-out shelves. Bottom drawer on these models will always be a fixed front drawer
- Both drawer sizes can be configured for storing letter or legal size files using front-to-back or side-to-side hanging file bars
- Side-to-side hanging file bars are included
- Interlocking system prevents more than one drawer to be opened at once

MODELS: 93##-#F1H, 93##-#R1H

- 9300 files have an integrated center pull on each drawer with label holder

MODELS: 93##P#F1H, 93##P#R1H

- 9300 Plus files have full width pulls

Personal Storage Towers

- Steel personal storage towers have a wardrobe section, a locker section and multiple drawers
 - Wardrobe section is full height with a coat rod, available on left or right side of the storage tower
 - The drawer section is available in 2 box/1 file, 2 box/2 file, 2 file or 3 file configurations
 - Locker section includes two interior shelves
- Each section has a separate lock, keyed alike by default

Pedestals

- Available in freestanding, worksurface supporting, or mobile pedestal configurations
 - Freestanding pedestal include a counterweight and are available in box/file, 2 box/1 file or 2 file configurations
 - Worksurface supporting pedestals are 27.875 in (708 mm) high and have mounting holes in the top. Available in 2 box/1 file or 2 file drawer configurations
 - Mobile pedestal include four non-locking casters and a counterweight. Available in box/file, 2 box/1 file or 2 file configurations
- Pedestals with box drawers include a pencil tray in the top drawer

MODELS: 93__##_C

- Inset, stamped, center pull on drawers

MODELS: 93__##_P

- Full width pull on drawers

Storage Cabinets

- Two door cabinets available in heights of 27.127 in (689 mm), 42 in (1067 mm) or 72 in (1829 mm)
- All models have one fixed shelf. Models 42 in and higher have one to six additional height adjustable shelves, depending on the model specified

MODEL: 9336-2S1

- Doors have recessed pulls

MODELS: 9336-S##L

- One locking handle for both doors

Multi-Stor Cabinets

- Upper section is a storage cabinet with two fixed shelves and two locking doors with recessed center pulls
- Lower section has two lateral file drawers with recessed center pulls. One lock secures both drawers

Exhibit Cabinets

- Upper section has open shelves: one fixed and two adjustable height shelves
- Lower section has two lateral file drawers with full width pulls. One lock secures both drawers

Series Options

- 25 standard paint finishes available. Five textured paint finishes available
- Locks can be keyed alike or given specific keying, on request
- Additional extra keys are available (sets of two)
- Lateral file accessories are available:
 - Side-to-side hanging file bars
 - Front-to-back hanging file bars (for fixed front drawers)
 - Plate dividers for end tab filing
 - Side adapters raise the sides of binder height drawers to accommodate EDP "2" point suspension printout style binders
- Additional adjustable shelves are available for some models of storage cabinet (sold separately)
- Laminate tops are available for lateral file and storage cabinets (sold separately)
