

Adjustable Aluminum Laptop Stand

Part Number: K50428WW | UPC Code: 0 85896 50428 3

Elevate your
workspace,
anywhere.

Professionals using laptop or tablet-based workstations often face challenges with poor posture, leading to discomfort and reduced productivity. The Adjustable Aluminum Laptop Stand is specifically designed to tackle these issues. With higher lift options than standard risers, it features adjustable height and angle settings, allowing you to elevate your laptop or tablet to a comfortable viewing position—whether at home, on the go, or while using a sit-stand desk. Lightweight and portable, the stand folds flat for easy travel and complements any setup. Additionally, it promotes better airflow to keep your device cooler, making it an ideal companion for a more ergonomic workspace.

Features include:

- Ultra-slim, lightweight folding design with space-saving footprint
- 5 pre-set height and angle combinations
- Perfect for sitting or standing
- Ergonomist approved
- Accommodates 10” to 17” laptops and tablets up to 6.6lbs (3kg)
- Anti-slip silicone foot pads

Adjustable Aluminum Laptop Stand

Part Number: K50428WW | UPC Code: 0 85896 50428 3

Portable Design

The ultra-slim (6mm) and lightweight (0.93lbs/420g) design folds flat for traveling and its space-saving footprint easily adapts to various workstation setups. Includes a protective cotton storage pouch to prevent scratches and support durability.

Height Adjustable

Offers five pre-set height and angle combinations, including higher settings than most risers (up to 9.92in/252mm). The flexible positioning promotes better posture and reduces strain during long work sessions. Ideal for laptop and tablet-based workstations, as well as sit-stand desks.

Ergonomist Approved

Tested and recommended by the German IGR Institute for Health and Ergonomics, in accordance with DIN 26800 EN ISO 15537. Designed to enhance comfort and improve posture whether sitting or standing at your desk.

Durable and Stable

Made from high-quality aluminum and accommodates laptops and tablets ranging from 10" to 17", up to 6.6lbs (3kg). Anti-slip silicone foot pads keep devices securely in place while you work.

Increased Air Circulation

Elevating your laptop or tablet off the desktop helps dissipate heat buildup, keeping your device cooler and reducing strain on its battery and internal components.
